

Story Retelling Necklace Directions: You will need a printer, cardstock, scissors, hole punch, string and beads. Print out and cut out the items above and have the children sequence the items in the order in which the Old Lady Eats them in the story (and dances with them and burps them out, as she does with the Leprechaun and the rainbow!). Punch a hole at the top of each item and have the children lace the pictures (again, in order) with a couple beads between each picture. Then the child can use the pictures as visual cues to retell the story!
